LYME-B-GONE

Technical Information

SPECIFICATIONS

Active Ingredient:	Hydrochloric acid
Color:	Brown
Solubility:	Complete
pH:	less than 1.0
Specific Gravity:	1.1
Flammability:	non-flammable

APPLICATION INSTRUCTIONS

Generally, Lyme-B-Gone is circulated from the bottom of the equipment up and through the top of the equipment.

The solution should be vented to atmosphere via an open circulating pump and bucket arrangement.

This unique product may be diluted with water and still maintain the properties to dissolve scale at the rate of two pounds per gallon.

For use in food plants: Food contact surfaces are to be rinsed with potable water before re-use.

FOR PROFESSIONAL USE ONLY
